Submit problems in numerical order by Section and by exercise number. That is, submit in the order they appear on this handout.

You must make a valid attempt at each problem to receive completion points. Rewriting the problem does not count.

Papers must be stapled in the upper left hand corner. I do not carry a stapler to class so do this before class. Unstapled papers will automatically be scored a zero.

If I cannot read it I am not grading it.
