ODYSSEY
ART COMPETITION
2014 – 2015
CONTEST RULES & ENTRY FORM

*All submissions are due on Thursday, November 20, 2014
Deadline for entries is Thursday, November 20, 2014. Judging will take place at the beginning of the Spring semester. An open exhibition of the works will be held at both the South Lake and Leesburg campuses during this time period. The awards ceremony will take place on the Leesburg campus during the spring semester (dates and times to be announced).

Entrants must be LSSC students. Up to 3 pieces of work may be submitted in each category. Work submitted in previous years will not be accepted. All work must be original and created by students only.

An entry form must be completed for each piece submitted; no work will be accepted without a completed and signed entry form. Forms may be obtained at any of the three LSSC campuses in the Library, Learning Center, or Info Desk.

The judging of entries is not done by the Odyssey staff, and in no way is the Odyssey staff responsible for decisions on who wins. Therefore, Odyssey staff may submit their own artwork.

The Odyssey is not responsible for any damage that may result from the handling of submitted work. If there are any personal issues with the safety of works (of any kind), please submit the entry form before deadline and bring in works for the judging personally.

Taralyn Pierce is the Faculty Advisor and can be reached at pierce@lscc.edu.

**Entry Guidelines**

1. All poetry, fiction, non-fiction, and computer graphics entrants must submit a hard copy as well as a labeled digital copy on a CD or flashdrive.
2. Research papers must be documented using an acceptable documentation style (MLA, APA, etc.) and the style must be noted.
3. No glass or frame on any artwork submitted.

Judging for these pieces only will take place in the Spring on the day of the Awards ceremony.
7. All entries and paperwork can be submitted to the Learning Center at any of the LSSC campuses.
8. Photography entries should be no larger than 8 x 10 inches.
9. Please fill out one entry form per piece of work.

**Photography Categories**

**Black & White and Color Photography** includes subtle alterations to color balance, contrast adjustments, etc. done using image editing techniques, either done digitally or traditionally. These photos will not show any visible alternations.

**Computer Enhanced Photography** is using image editing techniques to alter the photograph so it is still visibly the same photograph, but has apparent adjustments or special effects. Some examples are, but are not limited to: significant color variations or additions, skewed and distorted in various ways, artistic effects, geometric transforms, texture effects, or combinations thereof.

**Digital Art** is any artwork done on the computer, including photo manipulation.

I have read and agree to obey the guidelines and rules set by the Odyssey staff of 2013-2014. I understand that violating any of these rules could disqualify my eligibility to participate in the competition.
